

Course Title	GCSE Mathematics
Level	Level 2
About the Course	<p>We hope that you will enjoy your Maths classes here, and that you will quickly realize that Maths at St. John Rigby College is very different from the experiences you have at school.</p> <p>You will be expected to take responsibility for your own learning and to try your best to achieve a grade C. You must be prepared to put in a lot of time and effort but this will be rewarded when you pass your GCSE.</p> <p>During the year you will study four main topics.</p> <p>These will be Number, Algebra, Shape and Space and Statistics..</p>
Progression Routes	All employers and Universities will expect you to have passed GCSE Maths
Method of Assessment	Two, 1.5 hour examinations. One calculator, one non-calculator.
